Buna saira!

Federal law  
1998

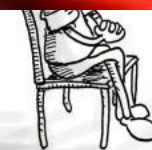

**Casino Gamblers**

Self-exclusion  
pathological 6.3%

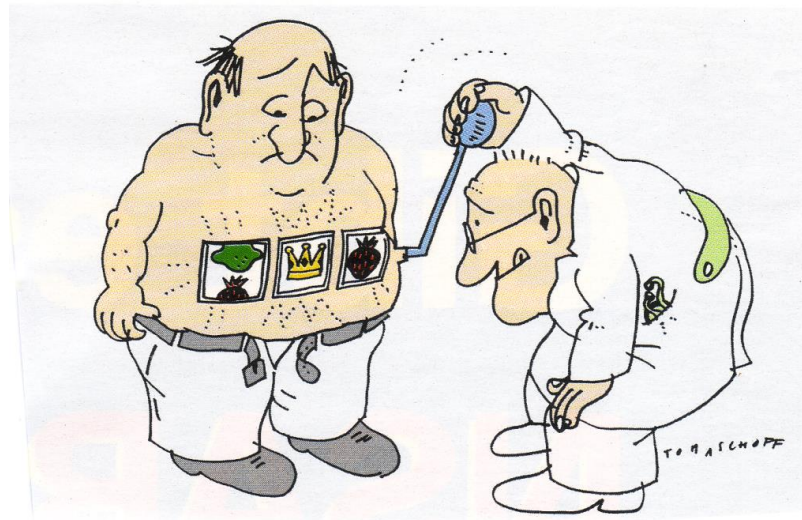

Readmission  
procedure

ezi! problematic

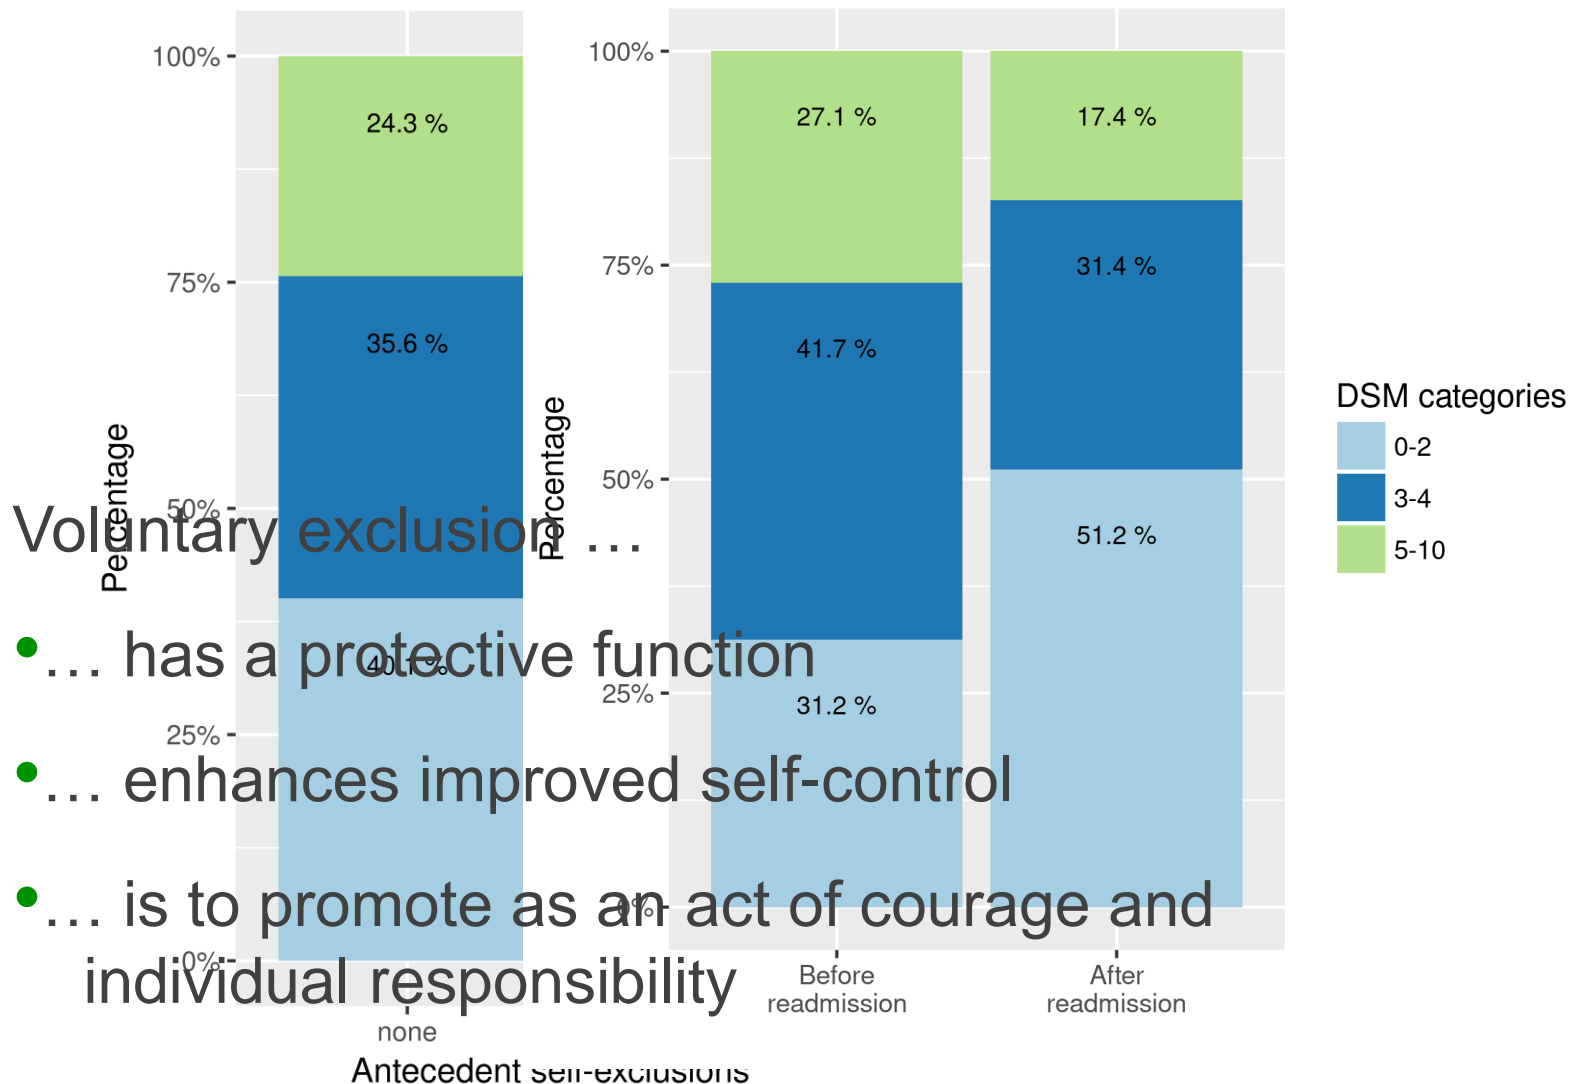

bonjour!

What is the relationship between  
**voluntary exclusion** and  
**gambling behaviour** (DSM-IV) ?

Method: diagnostic questionnaire at self-exclusion requests  
(657 questionnaires from 447 gamblers in the period 2007-2017)
